RE: Michigan Association of Airport Executives
September 9, 2013 to September 13, 2013 Traverse City, Michigan

Dear Karl:

Thank you so much for the wonderful presentation on "Six Keys to Success"! Your program was everything promised and more. You made us laugh, you inspired us, and you had everyone take a quick look into themselves to understand change. Thank you for providing a signed jersey, interacting with us before and after your speech, and signing autographs. You really joined the conference and became part of our airport family. What a way to unite our Association!

I would recommend you as our number one speaker. Your stories are "real-life", not just about you, but also your family, which connects to us all. The stories make us think about our life skills, making this program great for any audience! I hope you enjoyed Michigan as much as we enjoyed you. I highly recommend that other organizations invite you to be their speaker.

Thank you again.

Sincerely,

Kevin C. Klein, A.A.E.
President
Michigan Association of Airport Executives
