Dear Karl,

I want to thank you for delivering an excellent keynote presentation at our 57<sup>th</sup> Annual Asphalt Paving Conference. Your "Six Keys to Success" presentation was insightful, genuine and challenged the audience to fulfill their potential both personally and professionally.

I especially appreciate that you took time with me to get to know our association, the issues and challenges that our members face and tailored your message to our audience. I received many positive comments from attendees who thoroughly enjoyed the presentation and the sincere manner in which it was delivered.

Thanks also for spending time with us at our opening night reception and executive dinner. Everyone really enjoyed meeting you and sharing conversation. Once again, thank you for your contribution in making our conference a success. I would certainly recommend you to anyone who wants a sincere and thoughtful motivational presentation.

I wish you all the best in the future.

Sincerely,

A. John Becsey  
Executive Director
