Dear Mr. Mecklenburg

Thank you for being our Key Note Speaker at this year's Annual Medical Logistics Symposium. Your ability to infuse what we do and the impact we have into your experiences was incredible.

Your inspirational words and poise as a speaker made it easy for the audience to identify with your experiences and stories. Your "Six Keys to Success" go hand in hand with our Air Force core values and our attendees came away with some highly motivating ways to incorporate your keys to success and our core values into their everyday life.

We received overwhelming praise on our critiques for your presentation, some highlights include "The Team Building speech from Karl Mecklenburg was very inspirational" and "Karl Mecklenburg gave an excellent speech, I use his ideas constantly with my troops".

Your willingness to talk with personnel and sign your book after the event was greatly appreciated by all. Again, thank you for being our Key Note Speaker and I wish you the best in all your future endeavors.

A handwritten signature in black ink, appearing to read "D. Faust", is positioned above the typed name.

DONALD L. FAUST, Col, USAF, MSC, FACHE, CMRP  
Chief, Medical Logistics Division
