Dear Karl:

Thank you for your presentation last night at our annual service awards banquet. With well over 300 people in attendance from various departments throughout the hospital as well as varying years of service, your presentation regarding teamwork in the workplace and the sports analogies you brought were spot on. I appreciate your presentation style, your discussion of personal experience and the application you brought to our work here at Littleton Adventist Hospital.

Thank you again for your well thought out presentation and I look forward to working with you again in the near future.

Sincerely,
