Meeting Planners,

Karl Mecklenburg was our speaker at the Mann Mortgage Annual Conference Awards Dinner. Karl did a great job of tying his football and life stories to the mortgage industry. Our corporate team, community based agents, and spouses were all inspired and motivated both professionally and personally by his presentation. Some of the feedback that I heard was "how his 6 keys tied so well into our company's growth plan. This personally was my first opportunity to work with a speaking professional and Karl made the experience enjoyable. He was flexible when our schedule changed, came in early and stayed late to interact with our people, and took care of the contract and his travel planning. Our owner Don Mann is planning to bring Karl up to our fall event in Montana.

I highly recommend Karl Mecklenburg as a motivational speaker,
