To Whom It May Concern

Re: Testimonial for Karl Mecklenburg

I am happy to be able to write this letter of recommendation for Karl Mecklenburg. In January Karl was the speaker at our kickoff event for our Future Leaders Forum. Our members and guests are still talking about how much they enjoyed Karl's presentation. His enthusiasm during his speech and his ability to tailor his presentation to fit our industry made him one of the better speakers we've yet had address our group.

Karl used humor and personal anecdotes to prove motivation for our Future Leaders on topics such as goal setting, courage and teamwork. In addition, he arrived prior to the start of the event to greet members as they arrived and stayed after to sign autographs and socialize with those who attended. His humble, down-to-earth personality made him very approachable and easy to talk to. I especially appreciated that he brought the "Celebrity Speaker" to the event without any sort of "Celebrity Attitude".

Working with Karl was a wonderful experience. His laid back attitude and professionalism made all planning of the event very easy and the event itself was, much like Karl, one for the record books.

I highly recommend Karl Mecklenburg as a speaker for such events.
