

## Special District Association of Colorado

Government Association Leaders:

Karl Mecklenburg was the keynote speaker at our Awards Luncheon at our 2015 Special District Association of Colorado Conference. It was a very special conference for us since we were celebrating our 40<sup>th</sup> Anniversary and we had a record number of attendees. Having Karl speak at our Awards Luncheon enhanced the experience for everyone.

Karl did a wonderful job of making his presentation relevant to our members. Often on the last day of a conference, people start leaving early to catch flights or beat the traffic getting home, but we had a very good turnout and we attribute that in large part to the fact that Karl was the speaker. He did a great job sending our members off on a positive and upbeat note, and closed with an inspiring message that tied into our 40<sup>th</sup> Anniversary perfectly.

Karl also spent time signing autographs at our reception the night before and after his presentation. He toured the trade show tables, shaking hands and thanking sponsors for supporting the event. He was very gracious about taking photos with our attendees and made everyone feel very comfortable.

I truly enjoyed working with Karl. He's not only very professional, but very personable and cared about making our event a success for all.

Sincerely,
