

Conference Committee Members,

We brought in Karl Mecklenburg as the keynote speaker for our annual association conference. I received many positive comments from our members ranging from Karl's ability to tailor the presentation to our particular industry, sharing his personal stories, humor, relate-ability, stage presence, absence of "ummm", and the list goes on and on.

Mecklenburg's preparation to speak was abundantly evident. I would liken his dedication to speaking with the level of intensity and preparation he put in for a big game. I have already recommended Mecklenburg to colleagues holding other meetings and will continue to do so.

The US Travel Insurance Association was honored to have Karl Mecklenburg as our keynote speaker,

Sincerely,

Gabrielle Hosea

Director of Clinical Transports

USStA Conference Committee Member
