Karl,

Thank you for sharing a night with the men of Faith Bible Chapel. Your willingness to share how God has worked through both your successes and failures was a tremendous benefit to our men. It was great to see the enthralled look on the faces of our young boys as you shared stories from your career and your walk. What a great way for young men to learn that they can be godly and "manly".

We so appreciated your time and your work in advancing the kingdom. Great job!
