December 7, 2012

Dear Karl Mecklenburg,

I want to thank you for agreeing to be our keynote speaker at the 2012 Colorado Farmers Insurance Agents' Conference held this past October.

To say you were inspirational would be an understatement. With a standing room only crowd you hit the mark with your motivating words. After the conference we received comments describing how your presentation affected people including:

"Karl inspired us as business owners, community leaders and parents."

"The best keynote speaker I have ever heard."

"Six Keys to Success' will make an impact in my business and family."

I would highly recommend you to anyone wanting to motivate, inspire and take their teams to the next level.

Sincerely,

J. Michael Fox
District Leader
Farmers Insurance Group, Colorado
