On August 22<sup>nd</sup> 2018 it was the privilege of Greybull High School to have Mr. Karl Mecklenburg visit and speak to the staff and students of both Greybull High School and Greybull Middle School.

I would encourage any school to invite Mr. Mecklenburg! His message was appropriate for the age group and well received by all. Mr. Mecklenburg was extremely humble and approachable. Mr. Mecklenburg signed numerous autographs as well as taking pictures and selfies with students and adults. Mr. Mecklenburg was very personable with staff members, students, and community members.

His message is necessary for young people to hear and appropriate for today's 21<sup>st</sup> century student. He urges students to set goals, and set those goals high and attainable. In addition he encourages students to have a plan and set small goals in attempt to achieve the greater goal. His anecdotes are fun and interesting and students can connect with his message because the young men and women in the audience are open and willing to listen and change provided direction.

Mr. Mecklenburg teaches kids and adults to advocate for themselves and not make excuses. He encourages students to take ownership of their decisions and actions. His personable approach and advocacy promotes teamwork, courage, dedication, desire, honesty forgiveness, and goal setting.

Sincerely,

Ty Flock  
Greybull High School principal
