

Education Meeting Planners,

The Montana Conference of Educational Leadership brought Karl Mecklenburg in to speak at our 2017 Conference. MCEL partners include Montana Association of School Business Officials, Montana Rural Education Association, Montana School Boards Association, and School Administrators of Montana.

We approach education from many different perspectives but Karl's message of teamwork and leadership in a changing world applied to us all. Mecklenburg's keynote wrapped up our conference with humor, great story telling, and encouragement to take the education we had received in the past few days and use it to bring change in our schools. We received positive feedback from attendees including "Karl was upbeat and entertaining," "Positive and energetic, not so gloomy, nice change." Karl was easy to work with and professional in his approach.

MCEL highly recommends Karl Mecklenburg as a keynote speaker,
Denise Williams, MASBO
Dennis Parman, MREA
Lance Melton, MTSBA
Kirk Miller, SAM
