

9/17/2018

Karl,

Attached is the referral letter we discussed last week. I want to thank you again for speaking at our meeting. I am working through the surveys now and the scores for your session were 5's across the board. Words like phenomenal, inspiring, actionable, motivating and relevant were used to describe your key note. You applied your message to our challenges and current environment very well.

Thank you again for making the trip to Estes Park, joining in the fun during our morning sessions and sharing your message. I am happy to share the attached referral.

I thought you would enjoy the attached picture as well.

Natalie Artibee
Director Of Organizational Initiatives
