

11/11/2016

Karl,

Now that our lovely Denver Dinner has wrapped up, I can send you a big thank you for making the dinner a huge success. Your talk was amazing, inspiring and very Tennyson focused. Thank you for bringing our kiddos into your talk and for your willingness to come to our event. We have only heard great comments about you being there. People couldn't believe that we had...THE Karl Mecklenburg....sharing his story and spending time with Tennyson Center for Children.

We appreciate you making a difference and giving of your time for our organization.

You are now part of our family & we appreciate your support.

Have a wonderful Friday!

Heather
